# INNOVATEX ENERGY™

### Airflow™ (Patent Pending)

Airflow™ (Patent Pending) is a three-dimensional padding system that cushions the SCBA while creating Airflow™ channels.

Built with heavy-duty mesh and precisely shaped, closed-cell foam, the Airflow™ channels manage perspiration while eliminating the sealed-envelope effect area when wearing an SCBA.

Welcome to the newest technology in turn-out gear

### Coat features

- Ergo design for greater mobility
- Variable height collar , transition from 4” back to 3” front
- NO-GAP™ liner attachment
- Airflow™ three dimensional padding system
- Reflective piping at the seams
- Dual metabolic zones
- NO-BULK™ front closer
- “Full Motion” NoSeam™
- Segmented trim
- Angled cuffs

- NO-GAP™ liner attachment
- NO-BULK™ front closer
- Reflective piping at the seams
- Dual metabolic zones
- Segmented trim
- EMK knee

- Dual color armor shell gold/black
- Crosstech® moisture barrier
- Chambray pure thermal liner coat and pants w/ standard attachments, pockets, lettering, and trim.
- Cost per suite \$1,875.00
